Independent Auditors' Report

The Board of Directors
The Christian Broadcasting Network, Inc.:

We have audited the accompanying consolidated financial statements of The Christian Broadcasting Network, Inc. and affiliated organizations, which comprise the consolidated statements of financial position as of March 31, 2020 and 2019, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Christian Broadcasting Network, Inc. and affiliated organizations as of March 31, 2020 and 2019, and the results of their operations and their cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

Notes to Consolidated Financial Statements

March 31, 2020 and 2019

(1) The Organization and Summary of Significant Accounting Policies

(a) Organization

The mission of The Christian Broadcasting Network, Inc. and its affiliated organizations (CBN or the Ministry) is to preach the gospel of Jesus Christ to all the world as a witness unto all nations (see Matthew 24:14). In achieving this mission, CBN's chief method is the strategic use of mass communication, especially television (both domestic and international), the internet, and the distribution of teaching materials in the form of CDs, DVDs, films, animation, and literature. CBN's purpose is to train the young and old on the principles of the Kingdom of God, and their application to everyday life. The Ministry also provides prayer ministry, financial, medical and humanitarian aid to the needy 365 days a year, worldwide.

(b) Basis of Presentation

The consolidated financial statements include The Christian Broadcasting Network, Inc. and its subsidiaries and affiliated organizations under common control. All significant intercompany transactions and accounts have been eliminated in consolidation. The consolidated financial statements of the Ministry have been prepared on the accrual basis of accounting.

These consolidated financial statements have been prepared to focus on the Ministry as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions. Net assets and revenues, gains, and losses, are classified based on the existence or absence of donor-imposed restrictions. The Ministry's net assets are segregated into two net asset groups:

Net assets without donor restrictions – Net assets not subject to donor-imposed stipulations

Net assets with donor restrictions – Net assets subject to donor-imposed stipulations. Donor-imposed restrictions that are temporary in nature will be met by actions pursuant to the stipulations and/or the passage of time. Donor-imposed restrictions that are perpetual in nature neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the Ministry. Investment income (loss) and unrealized gains and losses from resources held in perpetuity can be either restricted or unrestricted.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed stipulations. Certain contributions received with donor-imposed stipulations are reported as increases to ministry support without donor restrictions if the restricted purpose is met in the same period. All other contributions received and contributions receivable with donor-imposed time or purpose stipulations are reported as increases to net assets with donor restrictions as applicable. Realized and unrealized gains and losses on investments are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by donors. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications from net assets with donor restrictions to net assets without donor restrictions (note 13). Temporary restrictions on gifts to acquire long-lived assets are considered met in the period the assets are placed in service.

Notes to Consolidated Financial Statements

March 31, 2020 and 2019

(c) Cash and Cash Equivalents

The Ministry considers all highly liquid financial instruments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents that are utilized within a managed investment portfolio are accounted for as investments. Cash equivalents consisting of certificates of deposit and money market funds totaled \$961,090 and \$27,370,727 at March 31, 2020 and 2019, respectively.

(d) Investments

Investments are stated at fair value based on quoted market prices. Realized gains and losses are derived using the specific-identification method and are included in investment gain (loss), net in the accompanying consolidated statements of activities.

(e) Contributions Receivable

Contributions receivable are recognized as revenues in the period the unconditional promise is made by the donor. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the promise. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions receivable from irrevocable trusts and estate interests are recorded at CBN's percent interest in the estimated fair value based on the fair value of the underlying assets.

(f) Gifts-in-Kind

Gifts-in-kind primarily comprise medicines, school and medical supplies, canned and packaged food, produce, clothing, and other relief products. Gifts-in-kind are recorded at their estimated fair wholesale value when received. There is inherent uncertainty in determining the fair value of donated products. Gifts-in-kind revenue and expense are recognized in the year in which the product is distributed. Amounts at the end of the fiscal year that have not been distributed are included in gifts-in-kind inventories and deferred gifts-in-kind revenue. Expenses associated with these items are predominantly included in Operation Blessing and humanitarian relief in the accompanying consolidated statements of activities based on the fair value of the gifts-in-kind donated.

(g) Property and Equipment, Net

Property and equipment are stated at cost or at estimated fair value at the date of gift if acquired by gift, less accumulated depreciation and amortization. Depreciation is computed utilizing the straight-line method over the estimated useful lives of the related assets. The estimated useful lives are: buildings and improvements, 40 years; production and transmission equipment, 6 years; information technology and other equipment, 6 years; and office furniture and fixtures, 10 years. The cost and associated accumulated depreciation of property sold or retired is removed from the accounts and any gain or loss is reflected in the accompanying consolidated statements of activities.

(h) Fiduciary Assets and Liabilities

CBN is the beneficiary of various revocable and irrevocable trusts. Assets in irrevocable trusts, which are controlled by CBN, and related deferred income and estimated beneficial interests to others, are

Notes to Consolidated Financial Statements

March 31, 2020 and 2019

recorded as assets and liabilities, respectively, and recognized as contribution revenue at the present value of future distributions to the Ministry in the fiscal year the trust is established. The change in fair value of CBN's interest in irrevocable trusts is included in changes in split-interest agreements in the accompanying consolidated statements of activities. Trusts that are revocable in nature are not reflected in CBN's consolidated financial statements until the trust assets are received.

(i) Other Assets

Other assets comprise certain long-lived assets held for the benefit of the Ministry and are recorded at cost, cost of development, or estimated fair value of the gift, if acquired by gift. Assets held for use by the Ministry are amortized over their estimated beneficial lives.

(j) Functional Allocation of Expenses

The costs of program and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the Ministry's various programs and supporting services benefited. Expenses that can be identified with a specific program or supporting service are allocated directly. Other expenses that are common to several functions are allocated based on various statistical bases. Total joint costs and respective allocations are as follows for the years ended March 31, 2020 and 2019:

	_	2020	2019
Evangelistic outreach – domestic	\$	61,824,596	66,284,418
Evangelistic outreach – international		2,777,267	3,392,597
Operation blessing and humanitarian relief		325,469	373,365
Prayer ministry		5,509,694	5,990,604
Fundraising		25,795,934	25,675,457
General and administrative		6,261,559	6,544,178
Total joint costs	\$_	102,494,519	108,260,619

Joint costs incurred for program airtime, digital media, direct mail and development are allocated based on content and purpose; utilities, maintenance, property and general liability insurance, depreciation and amortization are allocated based on square footage; information technology and telephone ministry are allocated based on time and effort; and personnel costs related to worker's compensation and life and disability insurances, and medical claims expense are allocated based on employee headcount.

(k) Bartered Airtime

The Ministry recognizes the estimated fair value of international airtime received in exchange for providing program content as ministry support and international evangelistic outreach. The amounts recognized in the accompanying consolidated statements of activities were approximately \$66,781,000 and \$77,113,000 for the years ended March 31, 2020 and 2019, respectively.

Notes to Consolidated Financial Statements

March 31, 2020 and 2019

(I) Noncash Transactions

Gifts-in-kind inventories and deferred gifts-in-kind revenue totaled \$15,191,993 and \$8,555,023 at March 31, 2020 and 2019, respectively.

(m) Income Taxes

CBN is classified as an exempt organization for federal income tax purposes under Section 501(c)(3) of the Internal Revenue Code. Contributions to CBN qualify for a charitable contribution deduction to the extent provided by the law. CBN is subject to taxes on its unrelated business income. Substantially all of the taxes on unrelated business income were offset by the utilization of net operating loss carryforwards. As of March 31, 2020 and 2019, CBN has unused net operating loss carryforwards available to offset future tax liabilities. Management has recorded a full valuation allowance of \$17,633,883 and \$18,102,879 as of March 31, 2020 and 2019, for the future tax benefit of the related deferred tax assets, respectively.

The Ministry recognizes or derecognizes its tax positions based on a "more likely than not" threshold. This applies to positions taken or expected to be taken in a tax return. The consolidated financial statements do not include any uncertain tax positions.

(n) Impairment of Long-Lived Assets

Long-lived assets and certain identifiable intangible assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be presented separately in the consolidated statements of financial position and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated.

(o) Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management of the Ministry to make estimates and judgments that affect the reported amounts of assets and liabilities and the disclosures of contingencies at the date of the consolidated financial statements and revenues and expenses recognized during the reporting periods. Significant items subject to such estimates and judgments include: the valuation of contributions and accounts receivable; future distributions from fiduciary assets: bartered airtime; gifts-in-kind contributions; the estimated useful life of property and equipment and other long-lived assets; and the allocation of joint costs. Actual results could differ from those estimates.

(p) Subsequent Events

The preparation of consolidated financial statements in conformity with GAAP requires entities to evaluate events that occur after the balance sheet date but before the consolidated financial statements are issued for potential recognition or disclosure. Entities are required to disclose the date

Notes to Consolidated Financial Statements

March 31, 2020 and 2019

through which subsequent events were evaluated, as well as the rationale for why that date was selected. In preparing these consolidated financial statements, the Ministry has evaluated events and transactions for potential recognition or disclosure through September 28, 2020, the date the consolidated financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the Novel Coronavirus Disease (COVID-19) outbreak to be a pandemic. Currently, there is a significant increase in economic uncertainty which is, for example, evidenced by more volatile asset prices and currency exchange rates, and rising unemployment claims. For the Ministry's March 31, 2020 financial statements, the COVID-19 outbreak and the related impacts are considered non-adjusting events. Consequently, there is no impact on the recognition and measurement of assets and liabilities. Due to the uncertainty of the outcome of the current events, the Ministry cannot reasonably estimate the impact these events will have on the Ministry's financial position, results of operations or cash flows in the future.

(q) Financial Statement Reclassification

During 2020, the Ministry transferred certain international humanitarian activities from international outreach to humanitarian relief. The 2019 program expenses have been reclassified in order to conform to the 2020 presentation. The reclassifications had no effect on net assets, the decrease in net assets, or cash flows as of and for the year ended March 31, 2019.

CBN regularly monitors liquidity and maintains liquidity reserves required to meet its operational needs. In addition to financial assets available to meet general expenditures over the next year, the Ministry operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

(3) Investments

Investments consist of the following at March 31, 2020 and 2019:

(4) Contributions Receivable, Net

The Ministry has contributions receivable of \$61,073,126 and \$67,386,949 as of March 31, 2020 and 2019, respectively. Contributions receivable expected to be received after one year are netted against a present value discount of 3% equal to \$84,587 and 6% equal to \$222,298, as of March 31, 2020 and 2019, respectively. Contributions receivable at March 31, 2020 and 2019 are expected to be received as follows:

(8) Fair Value Measurement of Assets and Liabilities

Financial assets and liabilities measured at fair value on a recurring basis are classified and disclosed in one of the following three categories known as the "Fair Value Hierarchy:"

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Ministry has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are primarily unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

(13) Net Assets Released from Restrictions

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by the occurrence of other events specified by donors. Total net assets released were \$79,213,608 and \$84,837,860 for the years ended March 31, 2020 and 2019, respectively.

(14) Sale of International Family Entertainment (IFE) Stock

In August 1997, CBN sold its remaining investment in IFE stock. As part of the negotiated sale of its stock in IFE to FOX Kids TV, CBN kept the existing 1990 program time agreement. This agreement continues with ABC, who purchased Family Channel, now called Freeform, from Fox Kids TV. The agreement provides CBN certain blocks of program time in perpetuity at the discretion of CBN. The fair market value of this airtime is estimated at approximately \$34,534,000 and \$34,350,000, for the years ended March 31, 2020 and 2019, respectively. This amount is included in ministry support, domestic evangelistic outreach, and fundraising in the accompanying consolidated statements of activities.

CBN continues to pay Freeform a monthly fee equal to the direct costs incurred by Freeform for providing the program time to CBN. This fee totaled \$1,077,507 and \$954,300 for the years ended March 31, 2020 and 2019, respectively. This amount is included in ministry support, domestic evangelistic outreach, and fundraising in the accompanying consolidated statements of activities.
